

RUSKI LASHES

Product Disclosure Sheet

Bioactive Density Lash Serum

Serums & Care · Bioactive Follicle Support, denser-looking lash line

Hybrid formulation

Key actives: Acetyl Tetrapeptide-3 (Capixyl-style, paired with red clover) · Redensyl-style botanical complex (larch wood, green tea, glycine, zinc chloride) · Sodium Hyaluronate · Panthenol (provitamin B5)

Reference: RL-BDS-003

SUMMARY

Density is not a second length serum. This formula leads with Acetyl Tetrapeptide-3 (Capixyl-class) and red clover, plus a Redensyl-style botanical complex (larch wood, green tea, glycine, zinc) for the look of a denser, better-anchored lash line, without prostaglandins. Once-daily, and disclosed in full.

FREE FROM

Prostaglandins · Parabens · Fragrance · Sulphates

TEST DATA ON FILE

Prostaglandin analogues: None

Complex: Capixyl-class + Redensyl-style

Use: Once daily
